Dig Up Old Rubber During Two Weeks

Plenty Rooms Are Available

Survey of Housing In Canyon Is Complete and List of Houses Available

Canyon has houses and rooms to take care of several hundred more people if they wish to move here. A survey was completed yesterday by Mrs. A. B. Duncan and Mrs. George Melton in order to direct persons who want to move to Canyon.

Houses are scarce, but there are plenty of rooms available. It is believed that 200 people could be housed around the public square in case of necessity.

There is room for at least 500 boys in College gymnasium and the various houses of the athletic plant if the government wishes to take advantage of these houses.

A few more families have moved here during the past week who are working in the war plants in Amarillo. The large volume of workers has not been assembled in Amarillo as yet, and when they start coming in large numbers it is believed that many more will move to Canyon.

The survey is ready, and the rooms are listed if large numbers start coming in without warning.

Grain Bins Are Made Available by State Office

Two car loads of red cut wooden grain bins have been ordered by the local Triple A office to be sold to farmers for grain storage.

The Commodity Credit Corporation is buying, on contract, some 2,000 bins of 1,500 bushel capacity and 500 bins of 1,800 bushel capacity, to be resold to farmers at a price of \$225 for the 1,500 bushel bin and \$270 for the 1,800, F. O. B. railroad car here. This price includes all material except foundation.

The bins are built in sections (except roof) to be bolted and nailed together. Material for shingle roof included with the complete pattern for each granary. They are shipped, five to a car, and must be unloaded upon arrival at destination.

They are supposed to be delivered in about a week to ten days from the time orders are sent in. Orders from any shipping point must be in car load lots (5 bins). Payment may be made in cash or a note to Commodity Credit Corporation payable from proceeds of wheat loan. Settlement (note or cash) on arrival of bin.

It is expected that these granaries will help somewhat in relieving the tight storage situation with respect to the present wheat crop. Orders will be accepted as long as the present supply lasts.

Knitters Are Urged To Get Old Work In By July 1

The local unit of the American Red Cross has to have its spring quota of knitting off by July 1, so all knitters are asked to get their garments in before that date, according to Mrs. Bessie Melton, local chairman.

The items that are yet out on this quota are watch caps, scarfs, sweaters and helmets, some in olive-drab and some of blue yarn.

Mrs. Melton calls attention to the fact that some knitters have failed to return their knitting needles when they turned in their garments, thus the unit is short of needles. All are urged to return the needles at the earliest possible date, provided of course, they are not being used on Red Cross work.

WILSON IN NAVY

Johnnie Wilson reported in Dallas this morning where he will be inducted into the Construction unit of the Navy. He expects to be sent to Norfolk, Va., at an early date. Johnnie is a son of Mr. and Mrs. P. M. Wilson.

ON FEDERAL JURY

D. M. Foster, Dan F. Sanders and Charley Donnell are serving as jurors on the Federal Court in Amarillo this week. They also served three days last week.

All Service Stations and Boy Scouts Are Handling Old Rubber of all Kinds

Dig up all the old rubber you can find around your home and bring it down to the public square at once. The nation-wide rubber gathering campaign is on. The result of this campaign will determine whether or not there will be nationwide gasoline rationing.

All filling stations are handling rubber, and several thousand pounds are being collected.

For the convenience of persons who have only small amounts which they wish to give to the Boy Scouts, a trailer has been placed at the northwest corner of the square. The Boy Scouts are gathering rubber, placing it in this trailer and will sell it when a load is secured. Many persons find only a pound or two around their homes and do not wish to go to the trouble of disposing of the rubber at the service stations. The boys will receive a cent per pound for all they collect.

The nation-wide price is a cent per pound. Service Stations are having to finance whatever rubber they buy, but will get their money back when their collection is sold.

All householders are urged to gather all of the old tires, tubes, water bottles, old rubber heels, and every other article which is made of rubber and sell it or give it to the Boy Scouts.

The rubber is badly needed in war munitions, and the future of automobile operations is entirely dependent upon the amount of old rubber which may be collected during the two weeks drive.

Bond Sales Low At End of Half of Month June

The sale of War Bonds almost came to a sudden halt this week. Only \$975 worth of bonds were bought from June 9 to June 15. For the first quarter of the month sales amounted to \$4,481.25, making the total for the first half of the month \$5,456.25.

The quota for June is \$19,800—thus Randall county is far under the quota for the first half.

The sales for the last half of June must amount to \$14,343.75 if the quota is to be met.

All citizens are urged to keep up their monthly purchases in order to subscribe for the quota for the month, states R. H. Wright, county chairman.

Price Lists to Be Filed on or Before July 1st

Every retail store in the nation must file with the local OPA War Price and Rationing Board a statement showing the maximum prices for all cost-of-living commodities offered for sale in his store on or before July 1. A number of retail stores have filed this price list.

In addition to this every retailer must complete a statement, to be kept in his store for examination by any person, showing his "base-period" prices for every item carried for sale in his store during March of this year.

22nd Plateau Singing In Canyon 20-21

The 22nd annual Plateau Singing Convention will be held in the Auditorium of West Texas State College Saturday and Sunday, June 20 and 21.

A large gathering of singers from other states and the plains of Texas and New Mexico is expected. A cordial welcome awaits the lovers of community singing for this event, according to Jno. F. Taylor, president of the Plateau Singing Convention.

STORK SPECIAL

Mr. and Mrs. Bill Marshall of Dallas are the parents of a 7½ pound baby girl born May 27. Mr. Marshall will be remembered to Canyon friends as State Secretary of the Baptist Student Union.

Mr. and Mrs. Daniel West of Amarillo are the parents of a baby girl born June 4. The little miss was named Charlotte Anne. Mrs. West is the former Jean Johnson, daughter of Mr. and Mrs. Jim Johnson.

C. P. Shelnutt spent the week end in Trinidad, Colo.

Candidates Dig Up to Pay Costs

One County Contest With Last Day Filing—Committee Holds Meeting Tuesday

One county-wide contest developed for the Democratic primary July 25 when Mrs. Berl E. Mayfield filed late Saturday as a candidate for County and District Clerk. Mrs. Mayfield and A. B. Holt are opposing candidates for this office.

The only other contest in the county is between Commissioner Clarence Beckman and Ernest Hollenstein in Precinct No. 2.

The other county and precinct candidates have clear sailing, with no opponents.

The County Executive Committee met Monday and recessed until Tuesday awaiting the receipt of the certified state ticket, which was late in being mailed this year.

The committee drew for places on the ballots, appointed election judges, and set the fees against each candidate. The state ticket is about as long as usual, but the county and precinct ticket is the shortest of many, many years.

Assessments against local candidates had to be fixed high enough to pay for a double primary, even though most officials of the county will be re-elected without opposition.

Getting the money together before Saturday night to pay the fees for getting on the official ballot is the main job of local candidates this week. However, the candidates feel that they are getting a bargain in this election, in spite of the higher assessments, as they are out practically no campaign expenses.

The first primary will be held July 25. Because of the interest in the state campaign, Randall county voters are expected to turn out in full strength, in spite of the war, and rationing restrictions.

Government To Buy Used Tires In Near Future

The government is setting up machinery to buy used automobile casings from citizens. It is planned to call upon all citizens who have more casings than are absolutely necessary to sell these casings to the government for war work.

The local War Price and Ration Board has appointed the following men as appraisers: J. W. Klein-schmidt, Claude Moore, Andy Walsh, Felix Pierce, Paul Lindsey.

Packages to Men Outside U. S. Are Barred from Mail

Packages can no longer be mailed to men in the military service who are outside the United States, or who are addressed as "care of the postmaster" either of New York, Seattle or San Francisco.

This order has been issued because of the urgent need of shipping space for military necessities, and packages to men are therefore barred from the mails.

Mrs. Claude Foster In Oklahoma Storm

Mrs. Claude Foster knows full well what it means to witness a tornado strike in all its fury, because she and her son were in Oklahoma City last week when a tornado wiped out sixteen blocks of the city.

Mrs. Foster and son left Canyon for a visit with her daughter, Mrs. Fred Phillips who lives in Searcy, Arkansas. It was on the return trip that she had stopped over at Oklahoma City to spend the night with her mother. Mrs. Foster reported that more than eight inches of water fell following the twister.

That is an experience that Mrs. Foster is not likely soon to forget and one that none wishes to encounter.

WAYDEN FAIN IS PROMOTED

Lieut. and Mrs. Wayndon Fain visited this week with Mrs. T. W. Henderson and Mr. and Mrs. Gill. Lieut. Fain had just received his commission after attending Officer's School at Camp Benning, Ga. He will start his new duties at Swiftville on June 22.

Berl E. Mayfield Candidate Clerk

MRS. BERL E. MAYFIELD

The News is authorized to announce the candidacy of Mrs. Berl E. Mayfield for the office of County and District Clerk.

Mrs. Mayfield states that it was after much consideration that she decided to enter the race for this office. She served as Clerk for several years, entering the office in 1927. She retired from the office in 1934 without seeking re-election in the primary of that year. Mrs. Mayfield achieved great success in the conduct of the office, and is thoroughly acquainted with the duties of the office and the responsibilities, obligations and opportunities to serve the public.

Mrs. Mayfield states that if she is elected in the July primary that she will take over the duties of the office, free and unincumbered of any or all political obligations. She will devote her entire time to disposing of the duties of the office.

Mrs. Mayfield wishes to thank the voters of Randall county for their support and confidence in the past, and trusts that they will continue their support in this campaign.

She will resign her work as assistant clerk at the City Hall in a few days in order to see all voters in the county and to solicit their support and vote in the July primary.

Two Men Caught When Combine Is Stripped Parts

Sheriff M. E. Cantrell has recovered \$121 worth of parts which were stolen from a combine at the J. R. Barrett farm Wednesday night. O. J. Miller and Albert Houseman of Swisher county are in jail waiting action of the grand jury.

The parts were missed Thursday by Mr. Barrett. He decided to go out and watch the combine Thursday night hoping that the men would return for more parts. Mrs. Barrett went with her husband and about midnight the men returned. The Barretts confronted the pair and ordered them into their car, telling them to drive to Canyon.

At the highway the men turned south and sought to escape. The men were overtaken, and Mrs. Barrett threatened to shoot if they did not turn around and drive to Canyon.

The men obeyed, landed in jail and then were told that Mrs. Barrett was armed only with an air rifle.

Sheriff Cantrell took Miller to his place north of Tulsa and recovered the stolen parts.

Both cars were almost totally wrecked as a result of the accident.

\$5,000 Needed at Once to Secure Museum Grant

WPA has approved a further grant of \$15,484 for the completion of the Museum building, provided \$5,000 is raised by friends of the Panhandle-Plains Historical Society.

It is estimated that the building may be enclosed and placed in condition for occupancy with this amount of money.

The \$5,000 must be in cash before WPA will approve the further grant and order work resumed.

Work is in progress running the roof of the building.

Dr. L. F. Sheffy, secretary of the Society, is anxious for all of the contributions Canyon people will make. He has the promise of the last \$500 of the \$5,000 fund if the balance of the fund is raised before the first of August.

G. D. Franz and family have moved here from Quanah. They are living in the Haley house, Dr. and Mrs. C. W. Freed having moved to Stafford Hall.

Harvest Has Started Over Randall County

Wheat Yield Is Improving With Favorable Weather—Only Little Moisture Here

Harvest will be in full swing in Randall county by the first of the week if favorable weather continues. A number of farmers have cut barley and oats this week, and a few combines are running in the wheat fields of the county.

The yield is going to be much better than anticipated. A few who have cut enough wheat to determine the yield were agreeably surprised at the yield and the quality.

A light rain of 21 of an inch fell Sunday night. The weather was cool for several days, being of great aid to the wheat. So far as wheat farmers are concerned, they are hoping for continued dry weather, although men wishing to plant row crops would welcome a rain.

Bradley Burrus brought two loads of wheat to Canyon Tuesday afternoon, being the first to market wheat in the county. He took a load to each of the elevators where he was given a 10 cent premium.

The test at the Consumers Elevator was 55, and 52 at the Farmers Elevator. The wheat was yet a little tough, but with continued hot dry weather the harvest will likely get into full swing by early next week.

Mr. Burrus is getting an unusually good yield as he continued cutting this week, averaging 25 bushels, and the remainder of the crop is testing 60, since the good hot days of this week have dried the crop more.

The elevators report that the barley and oats are both coming in in good shape.

Flag Day Draws Small Crowd at Sunday Program

A small crowd gathered at the bandstand Sunday afternoon for the observance of Flag Day.

At 2:30 the new air raid sirens were sounded for 2 minutes in order that the citizens might become acquainted with the sirens. One of the sirens is at the high school and the other at Bob's.

Dr. Conrad Freed was in charge of the program. He explained the meaning of Flag Day and what the Flag meant to the people of this nation.

Rev. C. C. Armstrong paid tribute to our boys who had lost their lives in this war.

A patriotic address was given by W. F. Nix on the necessity of a united nation.

The Buffalo Band played a number of patriotic numbers.

Three Men Injured In Auto Accident

Glenn Allen, Carl Mahle and Olin Mahle were injured in a car wreck north of Canyon on the highway Tuesday night. The men were returning from Amarillo.

According to Sheriff M. E. Cantrell, who was called to the scene, the Mahle car was coming south and was meeting two cars. The drivers evidently were blinded by the lights and the Mahle car collided with the second car.

The driver was a man by the name of Harlow, who is a Santa Fe employee. His young son was riding in the back seat. The Harlows were taken to Amarillo and the three Canyon men brought here for treatment.

Both cars were almost totally wrecked as a result of the accident.

Again Canyon Is Among the Winners

Again Canyon has done itself proud! In a report received yesterday by Dr. H. A. Brown it was pointed out that Canyon was among the six towns and cities in the State of Texas that exceeded their quotas on the United China Relief Drive.

As usual, Canyon's quota was unusually large as compared to places of similar size over the state, but Canyon went over the top in grand fashion.

District Meeting of Rationing Boards

A meeting of all War Price and Ration Boards of the Panhandle was held in Amarillo Thursday. All members of the local board attended, W. J. Wooten, Dan F. Sanders, R. B. Gist, members; T. S. Stevenson, clerk, and Miss Helen Whiteside, assistant clerk.

Selected Best Paper in Texas

Belo Loving Cup and \$25 Cash Won For Best Set Ads in State Contest

The Canyon News has been selected as the best all-round weekly newspaper in the State of Texas. The selection was announced Saturday morning at the close of the 63rd Annual Convention of the Texas Press Association in Waco. A beautiful loving cup will be sent to The News in a few days from the Dallas News, donor of the award.

In addition to the Best Newspaper Award, The News won first place in the advertising contest. The award was \$25 for the best set advertisements of 30 inches and less.

The decision of the judges was unanimous in both contests.

After the judges had returned the files of contesting newspapers, and before the awards were announced, scores of publishers complimented the excellency of the Canyon News, and many freely predicted that it would be the winner of the contest. The splendid equipment of the News plant, and the care used in editing and printing the newspaper were highly complimented by newspaper men making a study of the large number of contestant newspapers.

The News has not entered any of the state contests for many years. The News was awarded the Zeese Engraving Co. loving cup several years ago for the best illustrated newspaper in the state. The News staff had not planned to enter the contest this year, but decided at the last minute to send copies of the paper. No special plans had been made in preparing the contest issues. The News believes that every-week quality should be at the highest peak, rather than making special efforts just on special occasions.

The News is in its 47th year. It has been under the management of Clyde W. Warwick since Aug. 1, 1910, or a period of nearly 32 years. Warwick has taken a leading part in the affairs of the Panhandle Press Association and last year was awarded a bronze plaque for his 29 years of service in the organization. He has been secretary of the association much of this time.

The new loving cup will be placed in the newspaper exhibit in the Panhandle-Plains Historical Society museum after it has been displayed at the News office.

Youth 18-20 to Register June 30 Military Service

Volunteers are needed to help register young men 18 to 20 years old on June 30. Men and women who will assist in this registration are asked to telephone Mrs. Tommye Prichard at the Selective Service Office, phone 46.

This will be the 5th registration of men. The first registration was held on Oct. 16, 1940, and since that time Selective Service has been inducting men into military service.

There will be two registration places in Randall county—one on the third floor of the court house and the other at the Alice Landegin School in South Amarillo.

Young men who were born on or after January 1, 1922, and on or before June 30, 1924 must register on that day between the hours of 7 o'clock a. m. and 9 o'clock p. m. Boys 18 and 19 years of age are not subject to military service under the present law, but are subject for induction when they become 20 years of age.

When this registration is completed, there will be a complete list of all men in the nation from 18 to 64 years of age.

Legion To Collect Phonograph Records

A nation-wide drive will be put on starting July 20 to collect old phonograph records. The American Legion will sponsor the drive.

Materials in the old records will be used to make new records which will be given to men in the armed service. Citizens are asked to gather up all old records and have them ready when the collection starts.

STEP-FATHER DIES

Guy Harp received a message Sunday of the death of his stepfather, Mr. E. Crenshaw at Winsboro. Mr. Crenshaw has visited here at the Harp home many times during the past years.

Mr. Harp was unable to go to the funeral.

Men Left For Military Work; Others Called

Men sent to the induction station at Lubbock Monday were: Durwood Alwyn Brown, Frank Quentin Ward, Edgar Donald Wyatt, Jack Neill Jennings, Raleigh Lee Cabe, E. J. Parsons, Emilio Caballero, Robert Frank Chambers, Otto William Lehnick, and Hubert Reginald Hart, who was transferred here from Arkansas.

Wyatt is the second candidate for officers training from Randall county.

Counted on this call were: Charles Cleveland Jones, who was accepted for the physical education program of the navy. He will be inducted into the service next month.

William Robert Armstrong, navy; J. B. Oliver, navy; Preston Davis Taylor, air corps; John James Currie, Jr., army; Cecil Frederick Shearer, army; Horace Bascom White, navy; Jerry Edy Merritt, signal corps; Garland Claude Turner, navy; Franklin Douglas Stockman, navy.

A. D. Parker has been accepted as mechanic in the Radio School and will report to Fort Sam Houston on Saturday of this week.

Sgt. William J. Flesher has been transferred from active service as gunner on a tanker to Fort Belvoir, Va., to attend the Officers Training School for Engineers.

Fred Hart joined the air corps Monday and was assigned to the ground corps photography section. He will report for duty next month.

Lawrence P. Adams has enlisted in the army.

Calls for more men are: Four on June 30; one negro on July 1; 13 white men on July 18.

No Changes May Be Made in Plans Selective Service

General Hershey, head of the Selective Service, has advised all local boards not to alter present dependency deferment policies until specifically instructed and directed to do so by National Headquarters.

Bills are pending in Congress to make allotments for dependents, but no one knows when these will be passed. Congress is also considering a bill to change the matter of dependency of married men, but General Hershey advises that local boards must operate under the present law until a new one is passed.

The Randall County Board was in session most of Tuesday afternoon and nearly completed classification of the last group of men who registered in February. Only a few men of this group have been inducted into service, but a large number have been given physical examinations.

Panhandle Cowboy Gets In Life

In the June 1st issue of Life Magazine on pages 78 and 79 are pictures of Jess Morris, old time cowboy, who has lived in the Panhandle of Texas in and around Canyon, Amarillo, Tascosa and Dalhart for the past 52 years. Mr. Morris can be identified in the picture by the name "Jess" on his boot.

Mr. Morris is well known among the old-timers for his singing and playing of old time tunes. He says that he has played many old time tunes and made records for them and placed them in the Library of Congress for posterity.

Dr. R. A. Neblett Is Now Captain

Dr. R. A. Neblett has received his commission of Captain in the Medical Corps.

Captain Neblett volunteered for foreign service recently and is awaiting orders to report to the army.

RECEIVES AWARD

An Award of Merit was issued to Ralph L. Cates, son of Mrs. Maude Cates, by the Austin Company, Engineers, for his loyal cooperation and personal sacrifices in speeding completion of the Fort Worth Air Craft Assembly plant for the U. S. Army at Fort Worth.

TEXAS PRESS ASSOCIATION

The News has a right to be happy because we attended the 63rd Annual Convention of the Texas Press Association at Waco.

The News was unanimously chosen as the best weekly newspaper in Texas and was awarded the Belo cup, given by the Dallas News. The Dallas News has sponsored this contest for a number of years in order to encourage weekly newspapers in the production of better papers. The News is very happy in this selection as it has been striving year by year to improve the production of this publication. Regardless of good times, or bad times, the News has sought to keep up its high standard and not be satisfied with anything but the best for its readers. We thank the Dallas News for its great interest in the weekly newspapers of the state.

The second pleasure came in the announcement that the News won \$25 in cash for the best set of advertisements of 30 inches and under. The News has more advertisements of this size than it has large advertisements. The News takes great pride in the manner in which our advertisements are displayed, and our very best to see that the advertiser gets full return for the money invested with this newspaper. Everyone knows that the newspaper must rely upon advertisements in order to survive, and therefore, we do our dead level best to make these advertisements profitable to the merchants.

The News is most grateful to the people of Canyon and Randall county for their splendid support during the past 32 years that it has been under the present management. Throughout the years—good, bad and indifferent, The News has tried to be a sincere booster for Randall county. Even when things are the blackest and toughest there are always things of which the newspaper can boast. When a defeatist attitude prevails, the danger sign is up. While we always like to be a booster, yet the News does not go wild in enthusiasm over every little thing, or even some big things, which demand caution on the part of the people.

Without more preaching, The News is happy that these honors have come in competition with the best weekly newspapers scattered throughout the state. The News likes to be a winner, because we are reflecting the good things which this newspaper represents in Canyon and Randall County.

The convention was pretty much in the hands of Panhandle Press members this year. Dave Warren of Panhandle was president of the Texas Press Association, and Deskins Wells of Wellington is secretary. These men put on a swell convention. Ray Nichols of Vernon was on the program. All three are past presidents of the Panhandle Press Association. Deck Wells has a big job ahead of him as secretary of this far-flung association, but has made a wonderful start in his first year in office.

Waco is the heart of Texas. It is a fine place for a convention—not so large as to swallow a convention like this, and certainly not too small to offer all of the entertainment that is provided to make a press convention a great success. Waco did everything possible to make this convention a great success.

The attendance was reduced because of the rubber situation. Many big associations are calling off conventions for the duration of the war. However, where members may travel by rail or bus to centrally

located towns, the government urges that associations continue their conventions. Naturally the war and war efforts are the chief topic of all gatherings these days, and professional men and women have a greater need to get together to discuss their mutual problems than ever before.

Texans have been criticized because of the continued use of their cars, and fast driving. Maybe some people are still using their cars more than is necessary, but just try taking a trip on the railroad or bus and you will be convinced that a small number of people are now driving their cars. If you want a Pullman, make your reservations a couple of days in advance; if you want to ride a bus, better be there in advance to starting time—and then perchance you will ride in the aisle.

Folks are traveling these days, going in all directions and to all accustomed places.

What about politics? Dead as heck! Publishers from all parts of Texas report that there is no interest in the coming campaign. Opponents of O'Daniel are wondering which will be the stronger, Allred or Moody. The guess is that Allred is the most popular, and therefore will go into the second primary with O'Daniel—if there is a second primary.

It is noteworthy that O'Daniel and Hal Collins spoke in Waco Saturday night to less than half the number of people who greeted O'Daniel in the opening of his three successful campaigns. There was little enthusiasm during the speeches of these two radio salesmen.

Governor Coke Stevenson made a very fine speech at the press convention. Stevenson and his friends were really surprised when five opponents announced against him the last day for filing. However, the Governor should win in the first primary. The only man in the race who might threaten him is Hal Collins, who is campaigning with O'Daniel and has been an ardent supporter of O'Daniel in other campaigns. Collins made an anti-New Deal, anti-Roosevelt speech at the state convention in Mineral Wells. He spoke as the friend of O'Daniel, and is now trying to ride into office on the coat tail of the Senator.

Boy, but the weather is sure hot "deep in the heart of Texas." It had been our plan to stay over for a day or so as a sort of vacation, but we were pleased to rush back to the cool breezes of the Plains once the convention came to a close.

That Uncle Sam is in dead earnest about winning this war is manifested on every hand. Great manufacturing plants are under construction all over Texas. Before snow flies again it will not be the case of getting there "too late with too little" if we can build ships fast enough to carry the war materials.

Soldiers, hundreds of them, are to be seen on every hand and on every train. They are an intelligent looking group of young men. Talk to them and they tell you that the army is okay. They would prefer being at home, but realize that they have a job to do. They want to get in there and whip hell out of the Japs and Hitler, and then go back to their old jobs and to their families. A large part of the officers are fresh from the civilian ranks. They are doing a swell job. They are human in their treatment of the men, and are very anxious for the people to know that the army is trying to do the will of the nation in conquering and defeating foes who would stamp out our Democracy. "This is your army," is the words being sent out by officers to the people of America.

The Dallas News has just won a notable decision over the Wage and Hour group which has been handling these affairs in the usual John L. Lewis method. The News won the right to continue using a sensible method of dealing with employees, instead of bowing to the dictates of Washington. This is the first major defeat of Wage and Hour administration, and the Dallas News has been complimented from every section of the nation. In upholding the Dallas News, the Supreme Court restored reason to one of the New Deal fallacies that the government can run every phase of every business.

Are we getting careless about our patriotism? Last Sunday was Flag Day, and a fine program was given at the bandstand. Only a handful of people took the trouble to attend the program. Was that a sign of indifference? Recognition Day was recently held at the College when new voters were given certificates of Citizenship. Only a few people attended. Do we prize our part in this great Democracy? If our people are indifferent, it is time that we become alarmed, and try to instill some patriotism. However, The News prefers to believe that our citizens are not indifferent, but are using more caution in conserving their tires, gasoline and their time. Which way of reasoning is right?

Dahlia Garden to Be Beauty Spot in Fall; Planting Ends

The trial grounds of the Southwestern Dahlia Society, located on the campus near the Panhandle-Plains museum, will be a thing of beauty next fall.

More than 300 dahlia roots and plants have been planted. These have come from many states. Congressman Eugene Worley obtained a dozen choice roots from the U. S. botanical gardens. Planting of dahlias will cease soon, according to Dr. A. M. Meyer, chairman of the trial grounds.

Borders of the plot are being planted in snapdragons, asters, and other bright flowers which will afford some protection for the dahlias. A. L. Tarlton, campus gardener, is in charge of the grounds.

THE BEST
OUT OF YOUR
COOKING**

Follow These Rules:

Roast meat at low temperature in your Gas oven and reduce shrinkage.

Remember that the flexible Gas flame can be regulated to any degree of heat you need, eliminating scorching and overcooking of food.

Use any remaining vegetable liquids in soups, gravies, sauces, or cold in tomato juice.

Plan one casserole dish a week to use left-overs.

Cook vegetables by the "waterless" method for which your Gas range is especially suited. The flexible Gas flame will give you the exact degree of heat you need.

Bring vegetables to boiling point quickly over full Gas flame, then turn flame low and cook gently.

Keep utensils covered and do not use soda in vegetables.

Do not pre-heat your Gas oven or broiler too long. Remember, Gas is fast.

Plan complete oven and broiler meals, to make full use of Gas.

Wayland College Graduates Move To Canyon

"Oh, Wayland goes marching . . . right up to West Texas State College. This small junior college in Plainview has been consistently sending a large number of its graduates to Canyon. This summer marks a high point in the percentage of Wayland transfers as compared with other junior colleges of the Panhandle.

Approximately half of the 1942 graduating class has moved en masse to this campus. A large number of the girls are staying at Cactus Lodge.

Among the summer students who have attended Wayland at some time or other are:

Mattie Lou Applewhite, Mrs. Marguerite Barnhill, Kathleen Brittain, Mary Dean Carroll, Mallie Carter, Betty Gose, Reba Gowin, Nettie Mae Guthrie, Janelle Ivy, Leitha Lowe, Irene Marler, Edith Neill.

Minnie Lee Popham, Vivian Rock, Lesta Lee Sharpe, Edith Shirley, Mollie Stonecipher, Evelyn Lindsey, Elaine Culpepper, Frances Jo Terrell, Latrice Towles, Irma Kulerson, Lois Thomas.

Burton Culp, Leon Saul, Maurice Wingo, Hardy Stevens, Olin Thornton, and Mr. and Mrs. Clyde Saul.

Goes to School— For College Heads

Dr. and Mrs. J. A. Hill left Saturday for Dowling, Mich., to attend the Kellogg Foundation Camp.

He will spend more than two weeks in a school for Teachers College presidents. Experts in administration will be heard.

His trip and the school are sponsored by the Kellogg Foods Foundation. Dr. H. C. Morelock of Sul Ross State also is making the trip. About 125 college presidents will attend.

Dr. Hill took an exhibit of college publications and pictures to the camp.

Mrs. Hill will stay in nearby Kalmar.

The highest mean annual temperature recorded at any Texas station is 74 degrees Fahrenheit at Rio Grande City in Starr County. The minimum is approximately 54 degrees, as recorded at Dalhart in the upper Panhandle.

Marriage of Gerry Smith, Jimmy Fite Is Announced

Announcement is being made of the marriage of Miss Gerry Smith, daughter of Mr. and Mrs. J. C. Smith of Pampa, to Jimmy Fite, son of Mrs. Early Davis of Canyon, which was solemnized in Amarillo on April 2, with the Rev. William Roach, minister of the First Baptist Church in Texline, officiating.

The candlelight service was read at 8 o'clock before an improvised altar of white calla lilies, pastel spring flowers, and woodwardia fern.

The bride was attractively dressed in a white jersey street-length frock with gold studded buttons and belt, and black accessories. Her corsage was of white orchids.

Attending the bride as maid of honor was Miss Joan Gurley of Pampa. Miss Gurley chose a black gaberdine suit with black leather accessories and a corsage of gardenias.

Lynn Fite of Canyon served as best man for his brother.

Mrs. Fite was graduated from Pampa High School where she was a pep leader, member of the a capella choir, and National Honor society. She has been attending Texas State College for Women, where she was a member of the campus trio, Three Tones.

The bridegroom, who was graduated from Lefors High School, has been attending Howard Payne College at Brownwood, where he took a pre-medical course. At present he is attending West Texas State College in Canyon, where he will complete his pre-med course this summer. In October he will go to the school of osteopathy and surgery at Kirksville, Mo.

Miss Foster and Jimmy Holston Exchange Vows

Miss Robble Foster became the bride of Pvt. Jimmie Holston at the Grace Methodist Church in Wichita Falls, Wednesday, June 10, with Rev. S. Franklin Weir, a brother-in-law of the bride, reading the double ring ceremony.

Miss Anna Mary Lowe of Wichita Falls played an organ prelude, and played softly while the rites were read.

The bride, who was given in marriage by her father, R. E. Foster, was attended by a sister, Mrs. S. Franklin Weir of Sundown, and the bridegroom was attended by Bill Allen of Wichita Falls.

The bride was dressed in a softly tailored teal blue dress caught at the throat with a gold bar pin which had been her grandmother's. She wore a seven-skin kolinsky fur neck piece with white carnations fashioned turban-style in her hair. Mrs. Weir was dressed in beige with kelly-green accessories.

Mrs. Holston is a daughter of Mr. and Mrs. R. E. Foster, pioneer residents of Canyon. She is a graduate of West Texas State College and until recently has been teaching in Hereford High School. She is now employed in the War Department in Washington, D. C.

Mr. Holston is a son of Mr. and Mrs. J. H. Holston of Amarillo. He is a graduate of West Texas State College and has done his graduate work in the same institution. While in school, he was an outstanding athlete. Before joining the armed forces, he was a coach in Horace Mann Junior High School in Amarillo. He is now stationed at Fort Sill.

Following the wedding was a reception held at the home of a sister of the bride, Mrs. Jim Hill. Mrs. Lawrence Hill and Mrs. C. A. Newsome presided at the punch service.

After a short wedding trip, Mrs. Holston will return to Washington. Attending the wedding from Canyon were Mr. and Mrs. Foster, Mrs. Lula Bowman Owens and Miss Lurline Bowman.

Morale Is Discussed at Rotary Lunch by Rev. Joe Findley

Rev. Joe Findley, pastor of the First Christian Church, was the speaker at the Rotary Club luncheon Tuesday. He was introduced by Ray Campbell, who was in charge of the program.

Morale was the subject discussed. Morale was described as the spirit within people to keep them going in times of war. Quoting from army officers, the speaker stated that morale was never a question within the army, but was a real problem among civilians.

Too many people want to be on the receiving end. The whole personality is crushed when we receive too much. "It is more blessed to give than to receive," quoted Mr. Findley.

The speaker urged all to do their part to keep up the morale of the nation. Thrift and economy was urged. Buying war bonds is a great thing—"but let's use our own money and not allow our personal bills to run just so we can buy bonds. Your creditors want to use this money which you owe them to buy bonds."

Citizens must help kill rumors. These tear down the defense of citizens.

The spirit of cheer must be cultivated. Service Clubs are worthwhile because they cultivate cheer and fellowship.

Citizens were warned not to try to do things for which they are untrained. There may be Fifth Columnists in the country, but let the trained FBI take care of the job instead of every citizen trying to be a detective.

Citizens were urged to identify themselves with institutions which build morale. The Church is that one great institution and develops the best in men.

Visitors were: Arthur Osgood, John McCarty, A. A. Meredith, L. A. Vahue, Bob Russell, all of Amarillo; Dr. C. W. Freed of Canyon.

Hosea Foster made his annual report as secretary and turned this work over to Boone McClure, secretary-elect.

AAUW Working For Federal Aid Education

The Canyon branch of the American Association of University Women has received notification from National Headquarters that the Association will work for the new Senate bill for federal aid to education.

Mrs. A. K. Knott, education chairman of the local A. A. U. W. branch, called the attention of members here to a statement by Dr. Floyd W. Reeves in an article in the June issue of the A. A. U. W. Journal in which he says: "Unless the Federal Government acts quickly to provide aid to rural schools, from one-fourth to one-half of the rural schools in the country will, in all probability, either not be able to open this fall, or will be compelled to close their doors before the end of the school year."

J. V. Allred Spent Some Time Here

Judge James V. Allred paid Canyon an informal visit Friday afternoon and was greeted by many citizens. He was making speeches only at key towns.

Mr. Allred is a candidate for U. S. Senator, and according to friends, he is highly pleased with the reception he receives all over the state.

Mrs. J. V. Bostick, accompanied by Mrs. J. L. Machen and son, of Orland, Calif., is visiting here at the parental B. F. Machen home. Mrs. B. R. Gardner of Amarillo visited here Saturday with her parents and sister.

Mrs. W. S. Myers and Mr. and Mrs. Bob Combee and daughters of Amarillo spent a few days in Dallas last week visiting Mrs. Locha Mae Doak.

Highland News

Two good rains were received in this vicinity the past week. The hail last week did considerable harm to wheat and gardens.

Mrs. Turner McDade, Mrs. Jenkins and Miss Mildred Walton were hostesses to a bridal shower at the Walton home last Thursday honoring Mrs. John Ventresse, nee Miss Dorothy Jane Sweet.

Miss Bessie La Verne Kissenbeck of Amarillo and Carl Sharp of this community were married at Clovis, N. M. on June 5. The couple will make their home in Amarillo. Mr. Sharp is working for the Borden Company.

Mrs. Elmer Mason and Mrs. Tom Boling shopped in Amarillo Wednesday.

Mrs. Atkins and Mrs. Geo. Lusk spent last Wednesday at the Tom Boling home.

Mr. and Mrs. E. C. Paxton visited at the Geo. Cook home Saturday evening.

Homer Boling of Belen, N. M., visited at the Tom Boling home several days last week.

Mrs. Tom Boling and her sister, Miss Marcella Atkins, accompanied Tom Boling to the Mayo Brothers Clinic in Rochester, Minn. Mr. Boling's health has been in a serious condition the past six months. We hope he will soon be on the road to recovery. Mr. and Mrs. Geo. Lusk are staying with the Boling children.

Carl Fuqua accompanied Mr. Elam and Marvin, and Leon Tidwell to the Conchas Dam for several days fishing. Mr. Elam purchased a motor boat. They came back with a good catch.

Mr. and Mrs. Debenport have moved from Wildorado to the Vineyard place west of the Hellum Plant. Mr. Debenport is now working at the plant.

Mrs. Ben Fogg and Mrs. Fogg called at the Fuqua home Sunday afternoon.

Joe Fogg is home on a furlough visiting his parents. He is stationed at Fort Bliss, El Paso.

The wheat is ripening fast and harvest will soon be underway if weather permits. O. J. Brown plans to bind his oats as soon as it is dry enough.

Mr. and Mrs. Art McVae visited at the Paul Galbraith home Sunday afternoon.

Wm. Ash Found Dead Wednesday At Ranch Home

Wm. Ash was found dead in the corral gate at his ranch home near Center, Colorado, last Wednesday morning by Mrs. Ash, who thought that her husband had left for the pasture some 30 minutes earlier.

It was at first thought that he had died of heart failure as no bruises were apparent, but an autopsy revealed that his stomach was full of blood, the spleen was completely smashed and that three ribs were broken. It is believed that the horse either kicked Mr. Ash as he was going into the corral or that he was thrown from the animal.

Funeral services were held in the Center Methodist Church Saturday afternoon and interment was at Monte Vista, Colo. Masonic services were held at the grave.

Survivors are his widow, Mrs. Ash; a daughter, Mrs. Lida Winn of Lawton, Okla.; a son, Clark of San Diego, Calif.; and a sister, Mrs. Anna Slate of Amarillo. All were present for the funeral services, together with Mrs. Clark Ash and two children.

Mr. and Mrs. Ash moved from Amarillo to the San Luis Valley in Colorado, three years ago where he continued to breed and build up his herd of Herefords. He realized his life-long ambition last year when he showed his Herefords in the Denver Stock Show.

Mr. Ash came to Randall county in 1912. He engaged in several kinds of business interests and was one of the county's most successful diversified farmers, with wheat being his main crop. He built up a large herd of cattle which he continued to operate, together with his wheat farming even though he and a partner, A. J. Walker operated an implement business in Umbarger.

Mr. Ash was a member of the Methodist Church and when the couple lived in Canyon, Mr. and Mrs. Ash were among the most active workers in the church.

Mr. and Mrs. T. J. Rosson and baby of Tulsa, Okla., were visitors here last week in the parental John L. Brand home, west of Canyon. The Rossons also visited friends and other relatives in Amarillo and Ardmore before returning to Tulsa.

Mrs. Jack Downing has moved to Amarillo to stay with her parents, Mr. and Mrs. C. F. Hefner. Mr. Downing has recently joined the navy and is stationed in Norfolk, Virginia.

Mr. and Mrs. J. R. Bentley, Mr. and Mrs. Martin Bentley of Hillsboro and Mr. and Mrs. Wade Stephenson of Tulsa were guests in the G. R. Cox home Wednesday and Thursday of last week.

Dan Gerald spent a few days here last week at the home of his parents, Mr. and Mrs. Tom Gerald, enroute to Dallas where he started work with the Braniff Air Lines.

Jack and Bobby Sheriff of Las Cruces, N. M., and James Sheriff of Canadian spent Thursday and Friday with Mrs. T. W. Henderson.

O. W. H. Cook Found Dead Near Holliday

According to a press dispatch, O. W. H. Cook was found dead Sunday morning. Cook is well known here, having been cashier of the First National Bank for several years. The following was the press release:

Wichita Falls, June 15.—The body of Oliver W. H. Cook, 56, Wichita Falls oil operator, was found Sunday morning entangled in a barbed wire fence near his oil lease in Archer County, three miles southeast of Holliday.

Apparently the victim of a hunting accident, Cook had been shot through the head with a shotgun. The body was badly decomposed when found by Lawton Bishop, an employee on Cook's lease.

Cook's car was found where it had been stuck in the mud at the side of a little-traveled road, about a half mile from the body. The shotgun was near the body and it appeared that it had been discharged as Cook climbed through the fence.

Cook was last seen here last Monday. Acquaintances at Holliday said they saw him drive in the direction of his lease Tuesday morning.

Mrs. George Schaeffer left last Thursday and returned the first of this week after visiting with her husband, Pvt. Geo. Schaeffer at Camp Joseph T. Robinson, Little Rock, Ark.

Mr. and Mrs. Jesse Lowe and children of Texarkana, Mr. and Mrs. J. O. Vineyard and John Vineyard of Big Spring visited this week in the Bill Fleming home.

Jerry McAtee is visiting his father, Donald McAtee, this week in Amarillo. Mr. McAtee has joined the navy. He expects to be called soon.

Miss Billie Bee Flesher, Mr. and Mrs. H. C. Baird and Mary Anne of Hereford left Thursday for Denver, Colo., where Bob Baird is stationed.

Mr. and Mrs. Travis Shaw left Monday for Albuquerque where they will spend a week with Travis, Jr., and family before going on to Colorado for the summer.

Pvt. Billy Hill of Camp Barkeley spent the week end here with Mr. and Mrs. Clay Cooper. Mr. and Mrs. C. E. Hill of Dalhart visited with them Sunday.

Mr. and Mrs. Broughton Harden arrived Saturday from Stamford to spend a few days with his parents, Mr. and Mrs. W. E. Harden.

T. M. Reid, formerly of Canyon, has accepted a position with the Hereford Brand. Mr. and Mrs. Reid moved to Plainview last fall.

Mrs. H. L. Goodwin of Trinidad, Colo., is visiting at the home of her father, C. P. Shelnutt and with other relatives.

Dr. and Mrs. Fred Oberst and children of Lexington, Ky., are here visiting at the parental E. A. Oberst home.

Misses Mary Sue and Bobby Foster, daughters of Mr. and Mrs. Mark Foster, are visiting this week with relatives at Canadian.

Mr. and Mrs. Howard Mahle and family of Lubbock arrived Sunday to spend the week with his sister, Mrs. Carl Hair.

Leslie Cobb, superintendent of construction on the W. P. A. Museum, has resigned to accept a job in an Amarillo defense plant.

Mr. and Mrs. Jay Wineinger of Rayden, Okla., visited over the week end with Mr. and Mrs. Edgar Williams.

Mr. and Mrs. E. M. Myers and children of Floydada visited relatives and friends here Tuesday and attended to business interests.

Mr. and Mrs. Henry Tyler of Galesburg, Ill., arrived Sunday for a visit in the parental M. C. Sanders home.

Mr. and Mrs. Gordon McCarty and Barnard Lee of Clovis, N. M., spent the week end with Mr. and Mrs. W. A. Warren.

Mr. and Mrs. J. B. Foster spent Sunday in Tulsa visiting her sister, Mrs. John McCune.

Miss Evelyn Cluck left last week for Wichita, Kans., where she is employed in a defense plant.

Alfred Babb of San Diego spent a few days last week here with his mother, Mrs. Nattie Babb.

Mr. and Mrs. A. W. Sternberg returned last Tuesday from a trip to south Texas.

Glen McGahey left Thursday for Missouri after receiving word that his aunt had died.

Mrs. C. R. Flesher spent the week end in Amarillo visiting her sister, Mrs. Charles Stephenson.

Dr. and Mrs. D. A. Shirley have gone to McKinney. They expect to be gone for several weeks.

Mrs. C. W. Fewell and children of McAdoo spent the week end visiting her mother, Mrs. Mary Burtz.

Miss Martha Sutton spent Sunday in Happy visiting her sister, Mrs. Max Barnard.

Miss Erma Mae Sutton of Lubbock visited her sister, Martha Sutton, Saturday.

Miss Dorothea Harter is spending the summer with her brother, Cowan Harter, at Galveston.

PRESBYTERIAN CHURCH

The evening services in the Presbyterian Church for the summer have been so arranged so that a completely different kind of worship experience is presented at the morning and evening services. At the evening service on next Sunday, another instrumental solo will be a part of the service. The service is also characterized by gospel singing. "Have You Seen Him? I Have!" will be the theme for the evening worship.

The theme for the morning worship service at 11 a. m. will be "Plans and Expectations," in keeping with the Father's Day thought. The choir will sing a special anthem at this service.

The Ladies Auxiliary will meet on Tuesday afternoon at 3 p. m. at the home of Mrs. Nancy McCaslin. Mrs.

Ola Ridgway, Mrs. M. E. Cleavinger, Mrs. L. A. Donnell and Mrs. M. A. Biggers will share the leadership for the meeting.

Mr. Dorsett will leave on Sunday evening for Walnut Grove, Texas where he is to be Director for a Young People's Conference. Services in the Church will carry on as usual during his absence.

NYA Program Here Is Ending

Continuance of Aid to Students Is Doubtful—Work Project Halted

The National Youth Administration, which has benefited West Texas State in several ways, may close its program this month "for the duration" or longer.

The college division, which has made life easier for as many as 110 students at a time, will exhaust its funds June 30, according to the state director. A continuation of the program next fall is doubtful.

The pre-college vocational project, in which many young men have chosen their life work and made progress in learning it, ended yesterday. With this cessation went some of the labor being used on the annex to Randall Hall. The College expects to hire workmen and to resume construction of this unit shortly. Welding, sheet-metal work, and auto mechanics instruction also will be suspended insofar as NYA is concerned.

Left behind as reminders of the NYA program are three attractive buildings—the auto mechanics shop, Terrill Hall, and the dining hall. These are built of native stone. They will be taken over by the College.

Discontinuance of the NYA program is based upon the assumption that war work and military service

have largely eliminated the need for such assistance. However, the program might be continued on a limited scale by an act of Congress. Prof. C. A. Murray has directed the College NYA program.

Two Buffs Are Named All-American By Taylor

All-American Price Brookfield, ace cager on West Texas State's tall team, and Charles Halbert, tallest player in college basketball at 6 feet 10 inches, have been named on Chuck Taylor's selections for last season.

This famous basketball authority saw virtually all of the leading teams in action last season and his All-American five is made up after a critical study of player records. The local cagers closed their college careers by playing in the all-star game following the Metropolitan Tournament in New York City. Brookfield is playing baseball this summer with the Amarillo club of the West Texas-New Mexico league. In his first game as a pitcher he held the Borger nine to seven scattered hits and his team won, 22 to 9.

Halbert is employed in a defense plant in Wichita, Kans. He will play independent basketball next season.

Head Coach Gus Miller is directing the summer recreation program at West Texas State. His attention is turning to the football season, in which the Buffaloes will play seven Border Conference members in addition to a contest with Texas A. & I. Of eleven starters, six will not return. Several others may be drafted. Outstanding stars returning include Co-Captains Johnny Thomas, end, Joe Forbus, tackle, and Buford Emier, end.

Coach Miller thinks his first team as head coach here will do well to place in the first division behind Arizona, Texas Tech, and Hardin-Simmons University.

The two Nazi officers in occupied France decided to rent a room—for which they would pay, of course, in "occupation money." They examined what the landlord showed them.

"And how much do you charge for this pigsty?" asked one German.

"One pig, 100 francs; two pigs, 200 francs," replied the Frenchman without batting an eye.

Donnell Returns From Greenland

Capt. Alton Donnell, son of Mr. and Mrs. L. A. Donnell who live west of Canyon, visited here last week while on an eleven-day leave from his Army duties in Greenland. Capt. Donnell attended West Texas State College three and one-half years before going to West Point where he was graduated and commissioned in 1940.

"The most interesting experience I have had since going to Greenland was my airplane trip back home," he said while here. Capt. Donnell is with the North Atlantic Engineers Office, New York City, but is to report back to Greenland before staying in New York.

He reports that life in Greenland is extremely dull, with nothing there but Army Camps where construction work is going on.

The population of Greenland is largely Danish and Eskimo. There are about seven or eight hundred people there, in small villages of about 100 people. Families have from an average of 10 people in them.

Work on Randall Hall Annex Stops

Construction work on the annex to Randall Hall has been suspended "for the duration," according to Virgil Henson, business manager of the college.

NYA labor has been withdrawn and the cost of other competent labor is too high. Mr. Henson said, in comparison with the funds available.

Also left unfinished are concrete and stone boxes at Buffalo stadium.

Wayside Items

The Flag Day program at the church was well rendered and enjoyed by a good crowd.

Rev. Loyd Garrison of Channing who has lately been called here by the Baptist Church, delivered a good sermon and gave the history of the Christian flag.

O. E. Thomas of Grapevine was a welcome visitor at the Flag Day program. Miss Blue of Canyon was also a welcome visitor.

So. Amarillo Hopes

For Sugar Office

Canyon citizens were invited to a meeting of the South Amarillo Club Monday night. There are more than 1800 people living in this section of the city of Amarillo which is in Randall county.

The club was organized for the purpose of fostering civic pride and seeking improvements which are needed for that section.

The political situation is well cared for so far as Randall county is concerned, but citizens complain that the city of Amarillo does little for them.

Citizens report that men who have appeared before the Randall County Selective Service Board are well pleased with their treatment. However, the men would like to have their physical examinations in Amarillo instead of Canyon, and arrangements are being made for this.

This section urges that provisions be made for the distribution of sugar certificates in South Amarillo so that citizens will not be forced to come to Canyon. The local board has taken this matter up with state headquarters, hoping for approval of this suggestion.

CHILDREN HERE

Mrs. Rufus A. Dodgen and three children of Shamrock and Mrs. O. P. Cowart of Tysen, Tenn., are visiting here this week in the parental Harvey Cash home. Mrs. O. J. Laas and children of Plainview are expected up Friday.

CAR STOLEN

Ray Campbell's car was stolen Thursday night, but the machine was found later uninjured, parked on the square.

Mrs. W. S. Myers and Mrs. Bob Combee and daughters and Mrs. J. W. Cook of Houston visited in Plainview and Lubbock this week end. Mrs. Bud Myers and son returned to Canyon with them.

MACHEN BROTHER DIES

B. F. Machen received a telegram yesterday afternoon stating that his brother, Alfred Machen of Burbank, California was killed in an accident. No particulars were given in the message. The victim was 65 years old and he leaves a family. He visited here in the Machen home six years ago.

REVIVAL MEETING

The revival meeting which is being conducted by Evangelist G. E. Wright of Groesbeck, a representative minister of The Church of God, is in its second week. So far the attendance has not been large, but the preaching has been good; the kind that will bless every Christian who will take the time to attend and stir the sinner to try to be benefitted, if he will come and listen.

The evangelist is a singer and song and hymn writer, and sings solos at each service. He can be found at the hall, 1409 4th Avenue, just back of the post office every afternoon from two to five o'clock. He desires that you visit and get acquainted with him, and ask him questions on the Bible. He will pray with or for you and visit and pray for the sick and afflicted any time day or night.

Services are held every evening at eight-thirty. Come! All are welcome.
